EMPOWER YOUR BUSINESS

Prosoft Informatics is 3 years old young organization which has been working in the field of IT , Embedded System and has been providing its clients with exceptional quality in Desktop & Web application, Web Design, Web Development and SEO services. Our client range from small, medium to large scale business houses & individuals. We are known for customized ERP/CRM solutions. Recently we start SAAS service under a banner LeadPro-CRM.

With vision of quality and timely deliverable IT solution, we start a small organization in mid of 2015, and in small time span we proved ourselves as reliable IT solution provider, and established in the field of Web Development (.NET, PHP), JAVA (Core as well as Advance), I-phone & Android Applications, Embedded Systems (AVR, PIC & ARM).

Reliability
Efficiency
Quality
Service

EMPOWER YOUR BUSINESS

We not only boost our self of being the best Development Company but also enjoy reputable position among reliable IT companies because of our timely delivery and quality work.

Our skilled team of professionals make sure that the product is developed as per the customer's needs and also keeping the customer informed about the development of their project from time to time. We do not only emphasize on formulating an attractive solution to our clients but also believe in providing a workable solution.

We offers research based Search Engine Marketing products that help achieve greater insights to customer's online business.

EMPOWER YOUR BUSINESS
